The Clayton Oil company well on the Henry Straight lease will make a good well having found gas in the Big Injun and Gordon sands.

South Penn Oil Company has made two locations on Rebecca Haught's farm.

Talk Less, Listen More.

While we are against the eternal talker and resent being placed in the roster of patient listeners, we are in no position to ignore the circumstance that the Lord gave man two ears to listen with and only one tongue to talk with. Which means he intended people to listen twice as much as they talk. Our kick is we have to listen 40 times as much as talk, and we want to talk.—Houston Post.

Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200% in Ten Days

In many instances—Persons have suffered untold agony for years doctoring for nervous weakness, stomach, liver or kidney disease or some other ailment when the real trouble was lack of iron in the blood.—How to tell.

New York, N. Y.—In a recent discourse Dr. E. S. Sizer, a well-known specialist who has studied widely both in this country and Europe, said: If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night; others are sleepy and tired all day; some fussy and irritable; some skinny and bloodless, but all lack physical power and endurance. In such cases, it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your flagging vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets

of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run down people who were all the time double, and even triple their strength and endurance and entirely got rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form, and this, after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The only trouble was that the old forms of iron, like iron pills, iron tablets, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated and for these reasons they frequently did more harm than good. But with the discovery of the newer forms of organic iron all this has been overcome. Nuxated iron for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial.

NOTE—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they authorize the announcement that they will forfeit \$100.00 to any Charitable Institution if they cannot take any man or woman under sixty who lacks iron and increase their strength 200 per cent. or over in four weeks' time, provided they have no serious organic trouble. Also they will refund your money in any case in which Nuxated Iron does not at least double your strength in ten days' time. It is dispensed in this city by South Side Pharmacy, Holt Drug Co., and all other druggists.

Evening Chat

Officer Edwards, who is the new motorcycle traffic policeman employed by the city, has noted a considerable increase in the number of his friends and acquaintances who wave or bow most cordially to him since he appeared in his new cap and uniform. Practically every person who drives an automobile or other vehicle speaks to Edwards and smile in a most pleasing manner as they pass him. Whether this is due to the fact that the new cap bears the word "Traffic Department" in bright red letters or to a genuine good feeling and comradeship that has been attracted by the magnetic personality of Edwards is not known. Nevertheless it is a fact that more people speak to him now than he ever heard of before he acquired the city uniform.

Speaking of snakes—an unusual epidemic of snake stories have recently appeared in the newspapers and in many instances the unfortunate men who were bitten died owing possibly to the fact that they foolishly tried some new fangled remedy for the poison. Old things are sometimes best and while now theories and experiments may advance science yet they do not always save lives. The following snake story from a Cincinnati paper bears us out in this contention:

"MAYFIELD, Ky., Aug. 23.—John Hopkins is recovering from the bite of a snake. The wound was inflicted on his ankle one day recently, while he and others were out squirrel hunting. Either a highland coon or a copperhead snake bit him, and the terrible poison of the fangs caused Mr. Hopkins' leg to swell to large proportions. A quart of whiskey was

Stunning New Fall Suits at Popular Prices

at \$17.75, \$19.75, \$21.75 and \$24.75

Stylish New Hats to go with the new Fall Suits and Dresses at \$2.25 to \$9.75.

administered to him before the poison was counteracted."

This causes us to wonder why we have had no local snake stories. West Virginia is popularly supposed to be the principal abiding place for these poisonous reptiles, yet so far this season Marion county has been free from

reports of meetings with snakes. Some Winfield district reader ought to be able to tell us a snake story.

This Tries One's Patience.

The Tune the Town is Whistling

"I Sent My Wife to the Thousand Isles"

SUNG by Al Jolson on Columbia Record A2021—75c, with another laugh-hit on the other side, "It's a Hundred to One You're in Love," sung in a way that will please you by M. J. O'Connell.

This Columbia record is only one of the many provided for your entertainment.

Listen to these two patriotic hits, for instance—

"Young America, We're Strong For You"

and

"We'll Never Let the Old Flag Fall"

The first, a quartette that would thrill the heart of every American, young and old; the second, a rousing patriotic song splendidly rendered by Albert Wiederhold and the Broadway Quartette.

Look up the Columbia Record catalogue and the latest Columbia monthly supplements for other song-hits as good as these, then let your dealer help you assemble a program that sparkles with the joy of life.

A Chalmers Model That Created History

Brought out last November, the Chalmers Six-30 five passenger touring car has been a history-maker from the beginning. Six hundred Chalmers dealers invested \$22,000,000 in this particular model two hours after the announcement was made.

Today the Six-30 has 1,000,000 miles of solid service behind it, a splendid tribute to its performance in the hands of owners.

In buying a car in the \$4000 price field, a prospect considers the prime requisites of Reliability, Economy, Performance and Appearance. Our service records show the Chalmers Six-30 to be 99.21 per cent perfect. So much for reliability. From the standpoint of economy, Chalmers Acceleration Day, participated in by 693 dealers, produced a grand average of 23 1-3 miles to the gallon of gasoline.

Owners of Chalmers Six-30's are obtaining adequate mileage for every gallon of gas. In acceleration tests made the same day the 693 Chalmers Six-30 touring cars averaged 9 1-3 seconds from a standing start to 25 miles an hour.

The appearance of the Six-30 rivals that of the most expensive cars on the market. Twenty-one operations in the paint shop insure a lustre that will not crack nor peel under the severest conditions. Two handsome color options are offered.

The Six-30 touring car seats five adult passengers with entire comfort.

Prices F. O. B. Detroit.

Roadster	\$1070
Six-30 5-Passenger	\$1090
Cabriolet	\$1440
Six 30 7-Passenger	\$1280
